Re: Donation

Dear Laurel ,

On behalf of The Salvation Army Thrift Store, we would like to extend our warmest gratitude to The Samaritan Club of Calgary for hosting your annual Super Thrift Event at the Hillhurst Sunnyside Community Association. We collected 3500lbs of donations and we greatly appreciate the support!

Your support enables us to provide essential programs and services that uplift our local communities, including food banks, shelters for people experiencing homelessness, school programs, camps, addictions rehabilitation, and emergency disaster services.

In addition to supporting these vital initiatives, your donation has a positive environmental impact by providing items with the chance of a second life, while reducing waste. This not only contributes to our ongoing efforts but also strengthens the bond we share with the community and our planet.

Thank you once again for your support of our organization, the people we serve, and our shared environment.

Sincerely,

A handwritten signature in black ink, appearing to read "Tonny Colyn".
